Stewards Bulletin 2018-11-S002

Text of JRDC General Regulations Article 13, Code of Driving Conduct

13.1 Overtaking Signaling

During the race, a car alone on the track may use the full width of the track. However, as soon as it is caught up on a straight line by a car which is either temporarily or constantly faster, the driver shall maintain position on the track and indicate by signaling the side the faster driver should overtake on.

13.2 Blocking

Any driver appearing not to be making adequate use of the car's rear view mirror, or driving in a manner which even if unintentionally appears consistently to hinder or discourage another driver seeking to pass, may be halted by display of the black flag or otherwise penalized.

13.3 Right of Way

The drivers any way they wish, within the limits of the track may negotiate curves, as well as the approach and exit zone thereof. Overtaking, according to the circumstances prevailing, may be done either on the right or on the left. The onus is on the overtaking driver to ensure the maneuver is carried out safely.

However, maneuvers liable to hinder other drivers such as premature direction changes, deliberate crowding of cars towards the inside or the outside of the curve or any other abnormal change of direction, are strictly prohibited and shall be penalized, according to the importance and repetition of the offences.

Whilst practicing or competing, cars shall not be driven other than on the defined track, in the pits, and in such other areas as may be specified.

13.6 Off Track

For the duration of the meeting the competing vehicle, if used outside the confines of the track, shall be operated in compliance with the traffic regulations and at all times in a manner deemed not to prejudice the interests of motorsport.
